

# E-LEARNING FOR HEALTHCARE SCIENCE

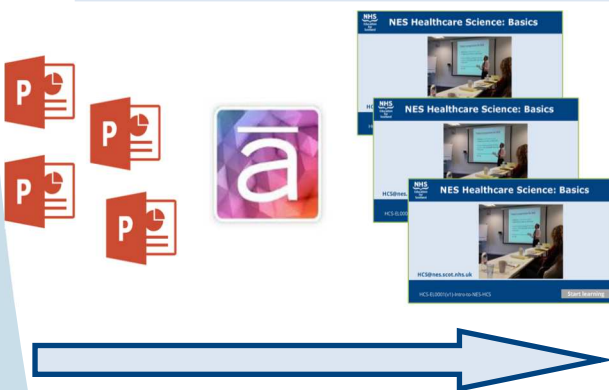

If there is a learning requirement identified in your discipline that would benefit from an e-learning module, contact us at HCS NES. We can utilise the platform of TURAS Learn to support this nationally.

We are looking for proposed learning material on Powerpoint slides with an end point assessment.

For e-learning conversion of your content there is an approved standardised template that we have used and that we can upload on to the TURAS Learn Learning Management System on a site specific to your specialism. Other specialty content you may have can also be hosted on the site, such as documents, video, external links.

The TURAS Learn HCS page can be viewed here or by searching for Healthcare Science within TURAS Learn:

<https://learn.nes.nhs.scot/12040/healthcare-science-e-learning>

## *Benefits of this system:*

- Modern, accessible, mobile friendly
- Once for Scotland solution
- Multiple assessment options
- Single sign on/data sharing
- Personalised learning records

*To arrange the creation of your e-learning package or for more information please contact the Healthcare Science team at **HCS@NES.scot.nhs.uk***
