NHS Scotland Leadership Capabilities

Empowering = enabling others to develop and use their leadership potential.

“The NHS needs people to think of themselves as leaders not because they are exceptional, senior or inspirational to others, but because they can see what needs doing and can work with others to do it.”

Empowerment involves action

Those in leadership positions can play a large part in creating the culture within which empowerment can flourish. To empower people, you need to recognise that they can be leaders regardless of their position or role within the organisation.
