Who's it suitable for

This qualification will be of interest to staff who are:

- New to or have an interest in Technology Enabled Care.
- Working in this area but want to further develop and advance their knowledge and skills.

The award enables candidates to develop their work-based learning skills and use the award to progress their career through Continuing Professional Development (CPD).

Cohorts 1 - 6

“It made me challenge my own pre-conceptions of what is best for service users and reflect on what I am doing well and what I can improve upon.

The support given by my tutor was first class”

(Glasgow City Council)

“Excellent. Learned so much from each part. My tutors were brilliant”

(CVS Inverclyde)

“As a Call Handler I feel any way I can improve in my role benefits service users/patients using the service providing a better patient journey and I have gained more confidence in communication skills.

I would recommend this award to anyone thinking about it”.

(NHS24)

“It gave me a deeper understanding of Technology Enabled Care and helped me become much more knowledgeable about the subject. It was also great to have a qualification at the end and this certainly helped me in progressing with my career and achieving my goals”

(Aberdeen City HSCP)

Poll Results
